PARISH FINANCIAL MANAGEMENT

FACILITATOR: BRO NHLANHLA MHLANGA, OMI

Module Description: The management of parish finances is an important ministry in a Parish community's life and mission.

The people charged with this important ministry need to be prepared and equipped with requisite skills to manage and be accountable for church finances

This course is a guide to help parish administrators and finance committees in their responsibilities of stewardship

Course objective: The module aims to provide guidance to parish administrators and finance councils who are responsible for managing financial affairs

Who is this course for?

- Parish Finance Committees

Expected learning outcomes

- Understanding of financial management processes
- Ability to create systems for consistent and transparent financial accountability
- Exhibit a firm control of parish financial affairs
